

Janet and I would like to invite you to be part of an unprecedented event on *Valentine's Day*. During the evening of February 14, 2005, thousands of couples will gather in Alltel Arena for *Arkansas' Celebration of Marriage*.

This fun-filled, romantic evening will encourage and equip you as a couple to go the distance. In a culture where every other marriage ends in divorce, this event will challenge you to step up and commit to your spouse for a lifetime. You'll discover how to receive your spouse as a gift and rekindle the romance in your marriage.

Couples will enjoy a life-changing experience featuring today's top marriage experts including Dr. Crawford Loritts, Dennis Rainey, and Rabbi Daniel Lapin. Five-time Grammy Award-winning singer CeCe Winans will provide special music.

I personally encourage all husbands to bring their wives to this event. While candy, flowers, and dinner are nice—where will your relationship be in the days and years to follow? Join us Valentine's Day when Janet and I stand up with thousands of others, renew our vows, and celebrate our Marriage Covenant.

The nation will be watching as we take a stand for marriage in Arkansas. I assure you that your marriage will be stronger and that this will be your best Valentine's Day *ever!*

Standing up for marriages in Arkansas,

Mike Huckabee
Governor
